

Code Repository

Team Nomad (Team 9)

Kristin Beese, Janka Gal, Rajalakshmy Iyer, Joyce Kao

How to access source code repository

Our source code repository is stored on github (<https://github.com/beese/project-nomad>) and every team member and our Project Coordinator will be able to access it through the Github desktop app, or through the terminal using git. The code is public on Github so it is accessible by all.

Collaborators

- Kristin Beese (beese)
- Janka Gal (jgal)
- Rajalakshmy Iyer (Ricven-Hawkligh)
- Joyce Kao (kao5)
- Michael Reed (Project Coordinator)

Current Commits
